HIGH CAPACITY WATER PUMP

Bau-Man - Build it to be Better

QUALITY • DEPENDABLE • PROVEN

HIGH CAPACITY WATER PUMP

Standard Features

- * Trailer mounted pump allows for quick and easy movement. (1)
- * Available sizes range from 6" - 16" in diameter. (See matrix for details)
- * Stainless Steel quick coupler hose clamps (2 included)
- * Bearings can be greased from a centralized point at front of pump.
- * Ample storage compartment for hoses and clamps (3)
- * Ground level discharge spout. (2)
- * High level undercarriage for additional clearance on contoured banks.
- * Specially designed impeller allows for high volume of water movement with less horsepower requirement.
- * Open impeller design allows larger objects to pass through without stopping pump. (4)

**When you need to move a lot of water
BAU-MAN has the right size model to
get the job done quickly and efficiently.**
