LAND ROLLER SERIES

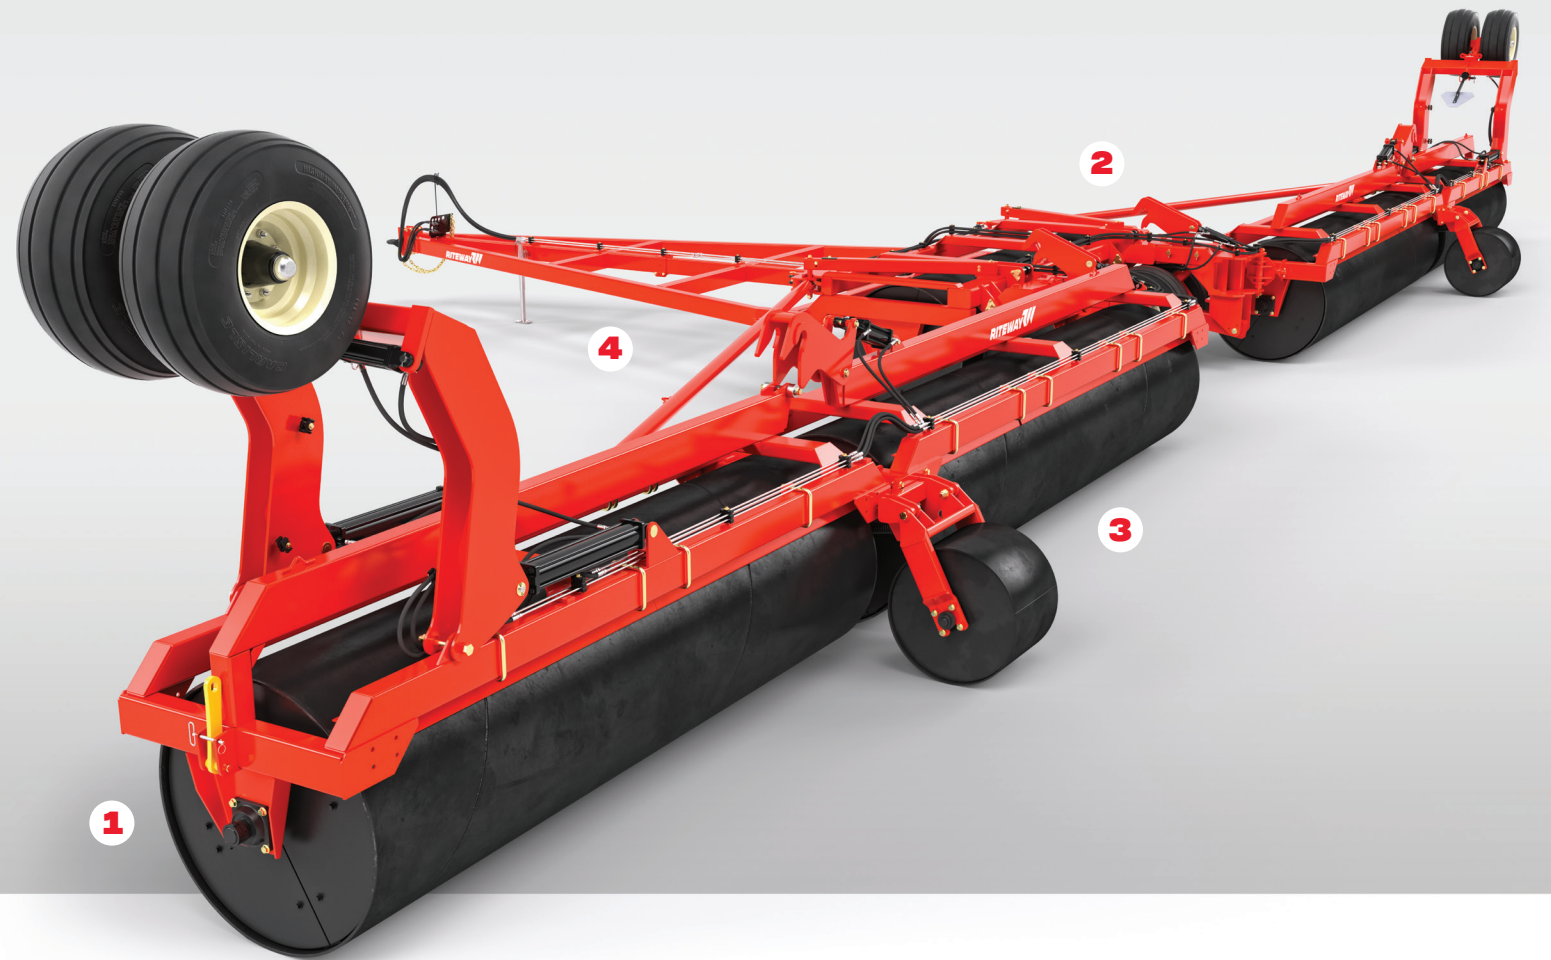

RITEWAY 

LAND ROLLER SERIES

READY TO ROLL.

Harvest your crops worry free. Promote even germination. Crush crop residue. The Land Roller series applies uniform weight and surface contact across your fields, pushing rocks into the ground and leveling out clumps. The resulting smooth surface provides even germination, faster spraying, robust crops, and a trouble-free harvest.

LAND ROLLER FEATURES

1 - Large Diameter Drums.

Larger drums provide an ideal combination of weight and size to smooth the field without compaction.

2 - FORWARD™ Unfolding System.

The patented unfolding system goes from transport to field mode in minutes while moving forward.

3 - Shorter Drum Segments.

Each drum floats independently, applying consistent ground pressure and following the contours of your land.

4 - Pull Equipment in Tandem.

The FORWARD™ Unfolding System allows you to pull two or more pieces of equipment in tandem, so you can work faster.

LEVEL THE FIELD.

NO TWO ACRES ARE THE SAME.

Short drum sections float independently, ensuring you roll every inch of your land evenly, regardless of topography.

STANDARD EQUIPMENT:

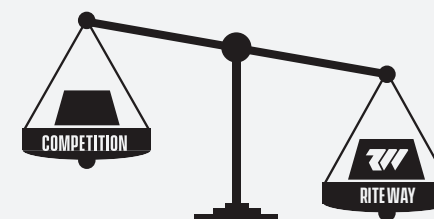

- Patented FORWARD™ unfolding system
- Auto-fold hydraulic wing lock
- Adjustable hitch height c/w perfect hitch clevis
- Dual wing transport tires
- Over-center wing lockups
- Triple Lip Seal Bearings
- Large diameter drum with premium heavy wall:
- 42" diameter; 0.50" wall thickness (1067mm x 13mm)
- Heavy Duty Centre Frame:
- 8" x 6" x 0.250" (200 mm x 150 mm x 6 mm)
- Heavy Duty Wing Frame
- 6" x 4" x 0.250" (150 mm x 100 mm x 6 mm)
- Taper lock replaceable drum shafts
- Wing tie bar (F5 & F7)
- Safety Chains
- Light Package

OPTIONAL EQUIPMENT:

- Acre Meter
- Mud Scraper Kit
- Wing Tie Bar (F3)
- 5/8" drums
- 42" diameter; 0.65" wall thickness

BUILT STRONG

HEIEST ROLLERS ON THE MARKET.

Pair that with the heaviest, most durable frame, and you have years of dependable service.

EASY TO TRANSPORT

F3, F5, and F7 rollers fold to 14 feet wide for easy transport. The F3-NT model folds to a mere 12 feet, making tight quarters and maneuvering a breeze.

F-3

32' - 52' WIDE | 17,640 - 24,400 LBS

F-5

46' - 84' WIDE | 23,000 - 40,320 LBS

F-7

65' - 89' WIDE | 32,500 - 41,190 LBS
